

# Test Report

**Execution ID:** nEFCs2Yrv0qUav2tRrQPZA  
**Platform:** Android  
**Test Name:** GetUpside  
**Project:** Upside  
**Ran By:** Christopher Wamble  
**Agent:** Flair Agent On Mac  
**Started At:** August 04, 2022 18:16:53 (UTC)  
**Duration:** 00:03:42.522  
**Execution Method:** Serial

## Overall Summary

100% Passed 0% Failed 0% Suspended 0% Skipped

## Tests Results

	Test	Application	Duration	Result
 100%	GetUpside	app-betabs-debug (v5.0-betabs-debug-547)	00:01:57.228	Passed
<b>Name:</b> google-pixel_4a__5g_-0 9171JECB09072 <b>Version:</b> 32				

## Detailed Report

**Test:** GetUpside  
**Target:** google-pixel\_4a\_\_5g\_-09171JECB09072 (v32)  
**Application:** app-betabs-debug (v5.0-betabs-debug-547)  
**Duration:** 00:01:57.228  
**Result:** Passed

Step #	Description	Comment	Duration	Result
1	Reset App	Clear application data and restart (Auto-generated)	00:00:01.721	Passed
2	Click <b>Sign up with email</b> <android.widget.Button>	select to sign up with email	00:00:02.926	Passed

Metadata: [Element]: Sign up with email [ID : com.upside.consumer.android.beta:id/login\_sing\_up\_email\_b], [Message]: Element clicked,

3	Run Random Email Generator	call upon custom addon created by me in TestProject to generate a random unique email address	00:00:23.019	Passed
Metadata: [Message]: Email generated: testa+Yn1hd46Ul2@myyahoo.com, [Input]: emailTag ← "testa", domain ← "myyahoo.com", [Output]: emailTag → "testa"				
4	Type <b>testa+Yn1hd46Ul2@myyahoo.com</b> in <b>com.upside.consumer.android.beta:id/s...&lt;android.widget.EditText&gt;</b>	enter random email address into email address field	00:00:01.204	Passed
Metadata: [Element]: com.upside.consumer.android.beta:id/s... [ID : com.upside.consumer.android.beta:id/sign_up_email_edit_et], [Message]: Text typed, [Input]: keys ← "testa+Yn1hd46Ul2@myyahoo.com"				
5	Type <b>Password1!</b> in <b>com.upside.consumer.android.beta:id/s...1&lt;android.widget.EditText&gt;</b>	enter in a password	00:00:01.055	Passed
Metadata: [Element]: com.upside.consumer.android.beta:id/s...1 [ID : com.upside.consumer.android.beta:id/sign_up_password_edit_et], [Message]: Text typed, [Input]: keys ← "Password1!"				
6	Click <b>Create account&lt;android.widget.Button&gt;</b>	submit credentials	00:00:01.262	Passed
Metadata: [Element]: Create account [XPATH : //android.widget.Button[@text = 'Create account']], [Message]: Element clicked,				
7	Does <b>A few more details&lt;android.widget.TextView&gt;</b> contain <b>A few more details?</b>	validate next screen appears	00:00:12.492	Passed
Metadata: [Element]: A few more details [ID : com.upside.consumer.android.beta:id/account_details_title_tv], [Message]: Element's text contains 'A few more details', [Input]: text ← "A few more details"				
8	Click <b>Create account&lt;android.widget.Button&gt;</b> if it's visible	move on with onboarding process	00:00:48.891	Passed
Metadata: [Element]: Create account [XPATH : //android.widget.Button[@text = 'Create account']], [Message]: Successfully clicked the element, [Input]: timeout ← "3000"				
9	Click <b>Not Now&lt;android.widget.Button&gt;</b> if it's visible	bypass the request for further data	00:00:02.304	Passed
Metadata: [Element]: Not Now [XPATH : //android.widget.Button[1]], [Message]: Successfully clicked the element, [Input]: timeout ← "3000"				
10	Click <b>Maybe later&lt;android.widget.Button&gt;</b> if it's visible	bypass possible block screen to get to map	00:00:08.622	Passed
Metadata: [Element]: Maybe later [ID : com.upside.consumer.android.beta:id/viewthrough_maybe_later_b], [Message]: Successfully clicked the element, [Input]: timeout ← "3000"				
11	Is <b>Search&lt;android.widget.ImageButton&gt;</b> visible?	validate use has reached the map screen	00:00:01.848	Passed
Metadata: [Element]: Search [ID : com.upside.consumer.android.beta:id/places_autocomplete_search_button],				
12	<a href="#">Run Test Logout</a>	logout from map screen	00:00:11.555	Passed

## Nested & Recovery Tests

**Test:** Logout (Executed as step [#12](#) under test GetUpside)

**Target:** google-pixel\_4a\_\_5g\_-09171JECB090/2 (v32)  
**Application:** app-betabs-debug  
**Duration:** 00:00:11.555  
**Result:** Passed

Step #	Description	Comment	Duration	Result
1	Pause for <b>5000</b> ms	give 5 seconds for menu to load on screen	00:00:05.580	Passed
2	Click <b>Navigate up</b> <android.widget.ImageButton>		00:00:01.616	Passed
Metadata: [Element]: Navigate up [XPATH : //android.widget.ImageButton[@content-desc = 'Navigate up']], [Message]: Element clicked,				
3	Click <b>Profile</b> <android.widget.TextView>		00:00:01.382	Passed
Metadata: [Element]: Profile [XPATH : //android.widget.TextView[@text = 'Profile']], [Message]: Element clicked,				
4	Click <b>com.upside.consumer.android.beta:id/i...</b> <android.widget.ImageView>		00:00:01.076	Passed
Metadata: [Element]: com.upside.consumer.android.beta:id/i... [ID : com.upside.consumer.android.beta:id/iv_profile_more], [Message]: Element clicked,				
5	Click <b>Sign out</b> <android.widget.TextView>		00:00:01.205	Passed
Metadata: [Element]: Sign out [XPATH : //android.widget.TextView[@text = 'Sign out']], [Message]: Element clicked,
